**§341 Meeting Notes****Meeting of Creditors Continued****October 15, 2020 12:00 pm**

There are amendments needed. All documents are not satisfied.

Need more detail on P/L statements. Need "credit payment" info. Business is a cleaning business that has business all over the country. In its current form, has been in existence since 2017 (but has been doing this job for 16 years. Was in business with exhusband but he now lives overseas with the two younger children). Gave fiance 50% ownership in new company.

Fix ownership and treatment of RE. Lives with finance in Berwyn. No ownership interest in that property. Owns 100% of Beverly Place property in Highland Park. Fix Sch A and D. Notice to Caliber is at the property address and the property secured is wrong. Fix plan as well.

IRS listed as having a large secured lien but they filed a priority claim with a large unsecured claim. Address IRS claim for no 2016 taxes filed. Per 2019 taxes, owes additional tax for that year, but she paid it. Per debtor, the tax was from the business with the exhusband. Now that she's in control, no more tax debt.

Address sch J - Parents are paying mortgage on Highland Park property. Debtor is helping with utils in Berwyn. in the amount of approx. \$550. Currently, Sch J states \$1500 mortgage and no utils. There are repairs needed in Highland Park house and debtor's father is taking care of that.

Fill out plan all the way. 2.2, 2.3, 5.1, 7.1.

Need more detail on P/L statements. Need "credit payment" info. Business is a cleaning business that has business all over the country. In its current form, has been in existence since 2017 (but has been doing this job for 16 years. Was in business with exhusband but he now lives overseas with the two younger children). Gave fiance 50% ownership in new company.

Fix ownership and treatment of RE. Lives with finance in Berwyn. No ownership interest in that property. Owns 100% of Beverly Place property in Highland Park. Fix Sch A and D. Notice to Caliber is at the property address and the property secured is wrong. Fix plan as well.

IRS listed as having a large secured lien but they filed a priority claim with a large unsecured claim. Address IRS claim for no 2016 taxes filed. Per 2019 taxes, owes additional tax for that year, but she paid it. Per debtor, the tax was from the business with the exhusband. Now that she's in control, no more tax debt.

**§341 Meeting Notes****Meeting of Creditors Continued****October 21, 2020 12:00 pm**

Need current paystub testimony is lower than scheduled amount.

DAT to review income listed in the 122C - D states pre-covid he had lots of overtime.

Amend schedule I - Per oral testimony income is \$2100 bi-weekly and schedule I is based on \$2747. Need to add spouse income from unemployment comp.

Informed DAT that budget is excessive for HH size.

Amend Sofa to list debtor as married.

Amend plan for tax return language, correct auto collateral, add step payments and feasibility.

D states he owes \$800 in child support for 19yr old and he pays when he has funds. DAT thinks debtor does not owe anything. Debtor is not sure where the mortgage interest deduction came from because he does not own any real estate and neither does his wife. He has been on the same job for 2yrs and daughter has always lived with them. D states his income in prior cases was unstable and in the last case he just forgot to pay. He setup an auto reminder for BK payments going forward.

Room A from 12:00 to 12:15.

**§341 Meeting Notes****Meeting of Creditors 13****October 26, 2020 1:00 pm**

All documents are not satisfied. There are amendments needed.

Expenses in J are excessive. Need to prove up lines 17 and 21 (of J). Plan has unfair discrimination towards the student loans currently. Add tax refund language. Spouse works for a Montessori school attached to a hospital, no income lost due to COVID.

Debtor is a self employed business auditor. Lost his job at a bank in March 2019 where he grossed \$165k/year. Relied on credit cards around then until he got settled with his current self employment. Started his current job around September 2019. The \$6.5k/month per testimony is a reliable average over the year. The income can be seasonal and dips during the winter months. Took a big hit when the lockdown started because he had to set up remote work but things are easing up currently and he can actually go into the businesses he audits.

Room D 1:00 to 1:10.

**§341 Meeting Notes****Meeting of Creditors 13****September 28, 2020 12:00 pm**

All documents are not satisfied. There are amendments needed.

Amend the plan to provide our preferred tax language. Need schedule A of the debtor's returns for the itemized deductions. Files separately from his spouse for no particular reason, that's just how they've always done it. Listed as single in error due to a mistake by the tax preparer. Need a copy of the NFS's returns as she claims their child. Mother in law in the home has retirement income but doesn't contribute anything to the household, maintains her own expenses. Need proof of the expenses on line #21 of schedule J.

Review I, hours have been cut at work due to the pandemic. Makes about \$800-\$850/week now, normal hours were about \$1,300 - \$1,400. Schedule I looks to be about an average of the 2 (\$1,124 weekly on I).
